Advantech Czech s.r.o.
Sokolska 71
562 04, Usti nad Orlici
Czech Republic

Dear Partners,

We are aware that the spread of the SARS-CoV-2 virus (Covid-19), has disrupted daily family lives, ability to work and limited social interaction. Advantech Czech s.r.o wishes that you, your family, friends and colleagues will stay safe during these troubling times. Advantech Czech s.r.o. will continue serving our global customer base whilst observing strict health and safety restrictions within our facility.

The health and wellbeing of our employees and our customers is our number one priority. We are closely monitoring the situation and working within the advice and guidance of all public health authorities concerned.

We have increased our safety stock of finished goods and raw material in order to ensure a smooth fulfilment of deliveries. As always, our team remains available - where necessary we have implemented home working. Our internal manufacturing and engineering processes have been adapted to overcome the challenge we all face.

We believe that the actions we have adopted will help us serve our customers with their unique and evolving needs. I would like to thank you for your trust - in our team and our company in these challenging times. Let's continue to protect our employees, customers, families and finally our communities.

My best wishes to you, your family, friends and colleagues.

Pavel Pospisil, Advantech Czech, Cellular Routers and Gateways
